## SURF CARNIVAL

Thankfully the weather gods were nice to us on Friday for our Surf Carnival and we could enjoy reasonably calm and warm conditions. It was fantastic to see the enthusiastic attitude from the students. A big thank you to staff, it is always a challenge to run these special events, especially when we are working with uncontrolled environmental factors! A special mention to the parents who volunteered to help in and out of the water, we couldn't run the day without your support. I would also like to acknowledge Stella and Rick for their organisation and work leading up to the day.

Congratulations to our individual winners and the Red Roos for their win!

## JUNIOR CLASS

This week, the Junior Class have been looking at how people have celebrated throughout history! They have been learning about what a celebration is and discussing the ones they celebrate within their family. We specifically looked at birthdays and how we celebrate them with birthday cakes!

## MIDDLE CLASS

We have been continuing our understanding of colour, by exploring what warm and cool colours are and how they can make us feel. Warm colours are yellow, orange and red. They make us feel warm, happiness, joy or even anger. Cool colours are green, blue and purple. They make us feel calm, cool, relaxed and even sad. These are pictures of the warm or cool colour silhouettes we created.

## SENIOR CLASS

Well, it's been an exciting and busy few weeks in the Senior Class. We've been organising our assembly, participated in tennis coaching and had a wonderful time at the Surf Carnival last Friday. Congratulations Red Roos on the win.

Students from Cervantes PS are competing against surrounding schools in a cricket carnival in Jurien Bay today. Updates tell us that it is great weather and everyone is having lots of fun. Goodluck to the Year 3's and 5's with your NAPLAN this week.
